

# Environment Impairment Liability Binders

## Delivering shared success

As a mutual insurance company, we focus not on shareholders and stock markets, but on our policyholders and partners. We take time to get to know your business and what you need in an insurance solution.

Our underwriting involves a thorough analysis of your risks, backed by a deep understanding of your industry, while our integrated underwriting, claims and risk management offers you a creative risk-transfer solution.

## Solutions for your most complex risks

An Environmental Impairment Liability (EIL) policy is the only cover specifically designed to protect against pollution risk. With ever-increasing and developing environmental legislation, it's critical that you have the protection you need for your business.

We provide cover for Pollution Legal Liability (PLL) on a claims made or occurrence basis, including Contractors PLL, Site Specific PLL, Storage Tank PLL, Excess PLL and Environmental Casualty Package policies.

Key cover is provided for third party property damage and bodily injury and first and third party clean-up costs arising from pollution conditions.

We have an established EIL binder portfolio and work with experienced coverholders with exceptional distribution channels to deliver these products.
