

Accident & Health Binders

Delivering shared success

As a mutual insurance company, we focus not on shareholders and stock markets, but on our policyholders and partners. We take time to get to know your business and what you need in an insurance solution.

Our underwriting involves a thorough analysis of your risks, backed by a deep understanding of your industry, while our integrated underwriting, claims and risk management offers you a creative risk-transfer solution.

Solutions for your most complex risks

We offer a bespoke range of Accident & Health products for individuals or groups in the event of death, or disability on a permanent or temporary basis. These products are tailored to the specific needs of our clients and we specialise in providing flexible cover where appropriate.

Our team has many years' experience and we provide cover for Accidental Death, Permanent Total Disablement (PTD), Temporary Total Disablement (TTD) and Medical Expenses.

Our benefit-based policies can be purchased in the event of death or disability, which may prevent the fulfillment of contractual obligations. Alternatively, your clients may wish to cover their temporary incapacity, which indemnifies against loss of potential earnings in the event of accident or illness. Our products are also able to be coupled with additional benefits such as travel or expatriate medical expenses.
