

# Energy, Construction & Marine Liability

## Delivering shared success

As a mutual company, we focus not on shareholders and stock markets, but on our policyholders and partners. We take time to get to know your business and what you need from your insurance solution.

Our underwriting involves a thorough analysis of your risks, backed by a deep understanding of your industry, while our integrated underwriting, claims and risk management offers you a creative risk-transfer solution.

## Solutions for your most complex risks

Our Energy book is as diverse as any in the market. It encompasses a wide range of risks associated with the energy industry – covering onshore and offshore, downstream, midstream, and upstream.

Our Construction book is exclusively US domiciled and can be divided up into two pillars – homebuilders and infrastructure projects.

Class of business	Line size
Energy	USD 10m
Construction	USD 7.5m
Marine	USD 7.5m
