

Aviation War

Delivering shared success

As a mutual company, we focus not on shareholders and stock markets, but on our policyholders and partners. We take time to get to know your business and what you need from your insurance solution.

Our underwriting involves a thorough analysis of your risks, backed by a deep understanding of your industry, while our integrated underwriting, claims and risk management offers you a creative risk-transfer solution.

Solutions for your most complex risks

We're recognised as one of the key lead markets for Aviation War risks. We underwrite a global portfolio across a broad cross-section of the aviation industry – on either a subscription basis or 100% of the risk.

We offer coverage against terrorist attack, hijacking, sabotage and confiscation. In addition, our Aviation War book covers a wide spectrum of non-airline risks ranging from commercial helicopters to business jets.
