## Claims confidence

Aligned with the Liberty Claims Charter, our Financial Institutions team has years of experience, both in and out of industry. Globally, we've seen these claims from all angles – risk management, broking, private practice and in-house insurance management. Across our worldwide office network, there's not much we haven't seen before.

As a recognised lead market, we're always guided by the client's best interests. Strong technical expertise enables us to keep control of the claim, with appropriate specialist support where necessary. With high authority levels and ultimate authority in London, we are always focused on handling your claim as quickly as possible.

## Claims+

In addition to our claims charter and promise, where appropriate, we offer extra value-add services at pre-placement, post-placement, and post-loss stages. Designed to ensure your claims experience – even without a claim – is as good as we can make it.

## Unlocking opportunities

With over a century of insurance experience, we've learned a thing or two about risk. We're dedicated to developing products and solutions for our clients, whether it's a variety of specialist coverages, a customised wording, or guidance on emerging exposures.
