We Insure. You Prosper.

We have been successfully delivering professional protection to a wide range of global businesses for over 30 years.

Our highly experienced underwriters recognise that each business is different and work with clients to arrange cover that best meets their needs. Our expertise is backed by a team of dedicated claims professionals who are committed to providing a quality service to both brokers and clients.

We believe it is important to have a high level of technical understanding of the business we write which starts with the initial risk analysis, the development of strong client relationships and ultimately the underwriting of the risk.

During the different market cycles we endeavour to maintain our core underwriting standards and provide a consistent approach without losing the need to remain commercial when risks remain profitable.

We aim to insure while you prosper through a global network of Liberty offices using either our Lloyd's syndicate (rated 'A+' Strong from Standard & Poor's) or through the company, Liberty Mutual Insurance Europe Ltd (rated 'A' Strong from Standard & Poor's).
